

## Information Guide

Keep this simple guide on your phone. It will help you communicate the right message about Splend and ultimately help you earn more rewards.

### 1. Rideshare basics

#### WHO IS SPLEND?

Splend is an Australian company providing affordable new vehicles for Uber drivers.

#### WHAT IS UBER?

Uber is a mobile app connecting riders with drivers. Based on a peer rating system, drivers and riders give one another a rating at the end of each trip. This keeps the level of service high.

#### WHAT ARE THE BENEFITS OF BEING A RIDESHARE DRIVER?

- You can work your own hours, and fit your driving in around your lifestyle.
- You are your own boss.
- You'll meet new and interesting people every ride.
- You can make a good income; some Uber drivers make thousands a week.

### 2. Why choose Splend?

Joining Splend is about more than just renting a car for Uber. Here are some of the reasons our members love Splend:

#### It's your car 24/7

We put on free member-only events where drivers can share knowledge, and access expert guidance.

#### Honest pricing. No hidden or extra costs

Our all-inclusive fees are simple and straightforward. With Splend, the price you see is the price you pay.

#### No lock-in contracts

Change your mind? You're not locked in and can return your car with only two weeks notice.

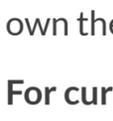

#### Rideshare training

Access Australia's best Rideshare Training courses to help you maximise your earnings and your rating.

#### Business mentoring

Every member has a dedicated Member Success Representative (MSR) to help you maximise your profits driving for Uber.

#### Splend driver rewards

We encourage safe driving with rewards like fuel vouchers and more, to help cover the costs of driving.

#### Referral program

Drivers earn \$450 for every friend they refer to a Splend **Rent-to-Own** plan and \$250 to Splend **Rent** plan.

### 3. Choosing the right plan

Splend offer two types of vehicle plans across compact, hybrid, SUV and luxury models:

#### SPLEND RENT

Drivers rent a new vehicle weekly at our lowest fee.

#### SPLEND RENT-TO-OWN

Drivers pay a slightly higher weekly fee but own their car after 4 years.

#### Why choose **Rent-to-Own**?

Splend **Rent-to-Own** gives you the same flexibility as renting, but with the added benefit of building equity in your vehicle.

#### Why choose **Rent**?

Splend **Rent** puts you in a new car with no commitments, and no start-up costs on a lower weekly fee. Perfect if you're just starting out or driving Uber on and off.
